

ABG MyHSA Fund Options

Model Portfolio Returns as of June 30, 2018

Performance data does not represent historical returns as actively managed portfolio performance. Statistics are based upon historical performance of the funds included in the Asset Allocation Models in the % of allocations shown below. Returns data does not include plan level fees which would reduce actual performance. Actual performance will be lower or higher than the performance shown here due to fluctuations. For detailed information about each of the funds included, see the fund fact sheet and other information for each fund.
